

To help you prepare a presentation for Oral Proposal Defense, here are some checklists.

**Slide 1: Proposed Topics**

- List here your proposed titles ( 5 titles)

**For each proposed topic:**

**Slide 1: Title page**

- Start with a slide that shows the working title of your proposal. Also include your full name. Also include here your target client/beneficiary.

**Slide 2: Topic Background**

- Provide details on why you choose this topic.

**Slide 3: Problem Statement**

- Give a clear and explicit statement of the problem.
- What are the reasons you are doing the study?
- Is there a gap in the research this proposal will address?
- You can use more than one slide for this section

**Slide 4: General and Specific Objectives of the Study**

- Provide a general objective of the study. In most cases, general objectives if a restatement of your working title.
- Make sure specific objectives are measurable (at least 3 specific objectives).

**Slide 5: Expected output/Features of your Study**

- From your proposal, enumerate the expected outputs?

**Slide 6: References**

- Provide a list of references you used so far in APA format.
- Just keep this list in one slide.
